## FOREWORD

As I entered the grounds of Zeela Art Gallery I was overwhelmed by the beautiful surroundings, and the atmosphere created by the Salasani family of their love + passionate enthusiasm for art.

Since coming to Zambia in the 1960's it has been my aim to contribute to the development of the visual arts.

Here is a family with the same love of art + who realise its importance to the development of our Nation, + have created this wonderful new private collection called ZEELA ART GALLERY

It is hoped Zeela will become a centre for enjoyment + study, bringing together nature, culture, + art.

Private collections have an important role to play, + Zeela has created an atmosphere of love of art, + in an adventurous, hospitable + insightful environment. Let Zeela Art Gallery be another dynamic + innovative example of how private individuals with private passions can contribute to the promotion + development of arts in the country.

Let Zeela be a "small story with big issues"

## INTRODUCTION

### **Welcome to Zeela, the home of Nature, Culture and Art.**

Art comes in various forms and shapes. The forms and shapes have inspired our way of life since time immemorial. Through the artists' imagination, creativity and innovation, art has evoked our emotions, changed our perceptions and influenced our actions.

Zeela Art Gallery presents a sizeable collection of art, created and nurtured by artists in Zambia. The art pieces are manifest of our Zambian way of life, traversing the vast landscapes of our motherland.

Zeela Art Gallery reveals to us the enchanting and colourful sceneries of paintings, the flamboyant and “living stones” of stone sculptures, and indeed the accentuated and energetic wooden sculptures.

### **The Passion**

The Zeela art collection spans a period of nearly 15 years when, in 2003, we collected our first art piece – a wooden sculpture created by the renowned artist Eddie Mumba. Since then, our passion for collecting pieces of art has continued to grow. Today, Zeela Art Gallery is home to over 140 pieces of art in the categories of paintings, wooden sculptures and stone sculptures created by various artists in Zambia.

Driven by our passion for art, we decided to make our collection available for other people to view in the form of a private art gallery.

We are greatly inspired by the creativity and ingenuity of our artists. We embrace and share in their endeavour to contribute to the preservation of our heritage and to the promotion of tourism in our country through arts and culture.

Through this passion, we aim to contribute to the development and promotion of the artists, and to the sector of Tourism, Arts and Culture in Zambia through:

- Provision of artist-in-residence opportunities at Zeela Homestay
- Creation of a forum for art exhibitions
- Documentation and preservation of the artworks by artists in Zambia

### **The Legacy**

Art is a lived and celebrated lifestyle. It is an expression of our thoughts, emotions and desires and is therefore a powerful medium for imparting and communicating values. Through the minds that create, the hands that mould and the eyes that see, the Zeela legacy aims to take art to greater heights.

## ACKNOWLEDGMENTS

To our children **Yongo, Tusankine, Taizya** and **Michael Peter Chikolwe Salasini** - for your unwavering patience, understanding and sacrifice particularly during the final few months leading up to the launch of the gallery when we could not spend as much time with you as we normally would.

We would also like to acknowledge, with gratitude, the following individuals and organisations who in various ways have supported and provided valuable input into the development of the Zeela Art Gallery idea:

**Mrs Cynthia Zukas** for being a guiding legacy for the visual arts in Zambia, and whose feedback on our collection consolidated the idea of Zeela Art Gallery.

**Mr Eddie Mumba** who has collaborated with us and whose art work served as our initial inspiration towards the Zeela art collection.

**Mr William Bwalya Miko** whose knowledge and insights of the arts has contributed to the enrichment of the idea of Zeela Art Gallery.

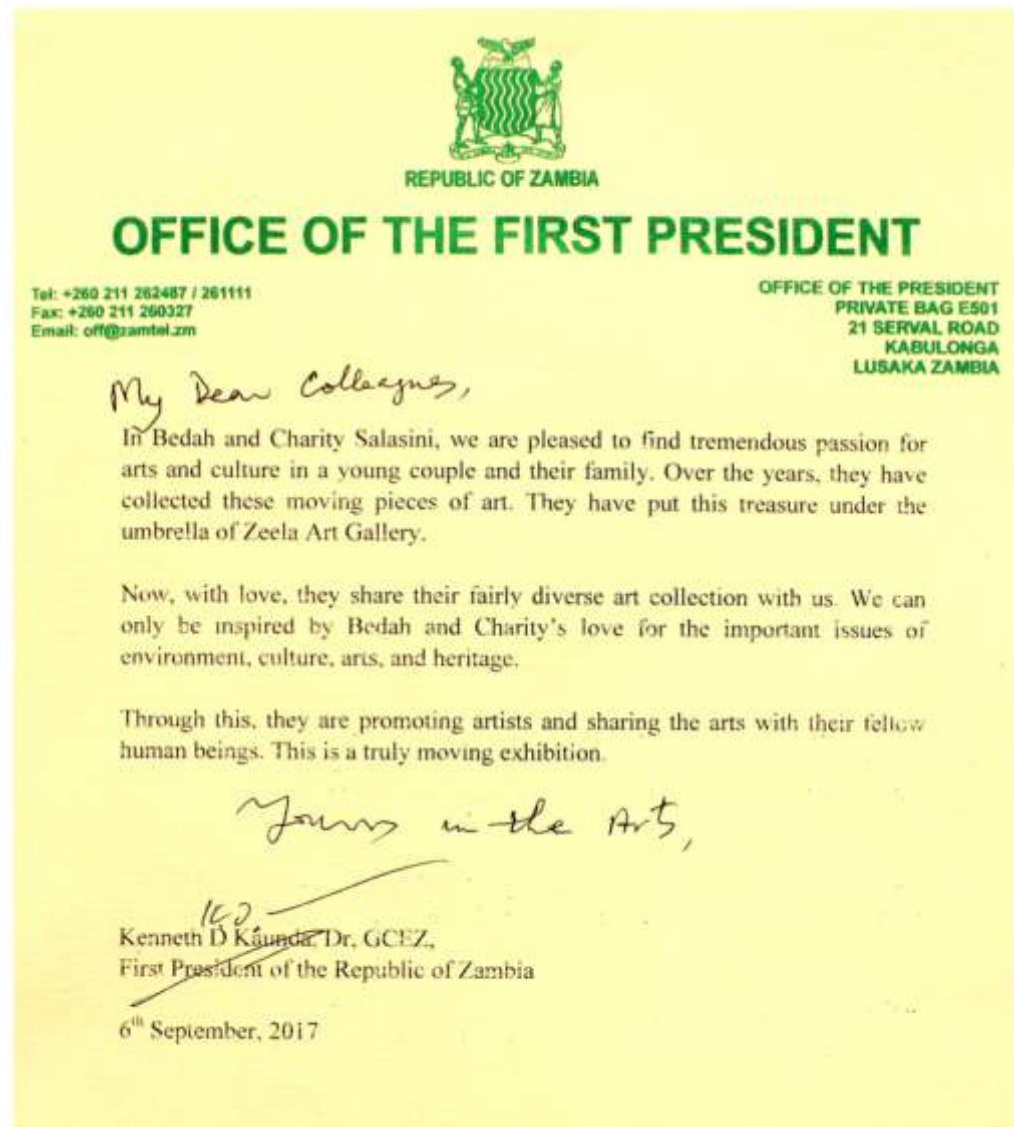

**Mr Jonathan Leya** who provided all the technical support in the design and mounting of the art exhibition and the publication of this catalogue.

**The National Arts Council** who provided professional guidance and encouragement.
